BlueWave® MX-150 4-Pole Lightguide Adapter Installation Instructions

1. Before starting, disconnect power to the unit.

2. Lay the Emitter on its side and position it so you can access the Lightguide Mount (Figure 1).

3. Using a 2-mm Allen Wrench, remove the two M3 Screws and the Lightguide Adapter from the Emitter (Figure 2).
4. Using the M3 Screws removed in Step 3, attach the 4-Pole Lightguide Adapter to the Emitter.

5. The unit can now be used with a 4-Pole Lightguide.

**NOTE:** Once a Lightguide is inserted, a 2-mm Allen Wrench can be used to tighten the Set Screw (Figure 4) to secure the Lightguide in place. **Do not overtighten the Set Screw as overtightening can cause damage.**
