

1-Gallon Ram Pump Regulator Installation Instructions

1. Mount the regulator to the plate on the ramp pump using the supplied 2 socket head cap screws (SHCS). Do not exceed 25 ft/lbs.
2. Install the proper fitting into the regulator. The type of fitting will depend on your application. Cover the fitting's threads with Teflon[®] tape before installation. Make sure to leave the first two threads bare.
3. Use the supplied oil to keep drip cup full at all times.
