Jason Maupin joins Dymax Corporation as Chief Marketing and R&D Officer

Torrington, Connecticut – December 5, 2017... Dymax Corporation is pleased to announce the appointment of Jason Maupin as the new Chief Business Development and R&D Officer. While reporting to Dymax' Director and Chairman, Greg Bachman, Maupin will be responsible for leading the global business development and product leadership efforts in the oligomers, equipment, electronics, and maskant markets.

Prior to joining Dymax, and most recently, Maupin was the Vice President, End User Markets at MacDermid Performance Solutions, where he created a division for global continuity across the company's five existing divisions. Prior to Enthone's acquisition by MacDermid Performance Solutions in Dec 2015, Jason worked for Enthone for 15 years holding roles inclusive of Regional President, Vice President of Sales, Managing Director – Mexico, as well as others. Jason also spent six years in the United States Navy serving on a Los-Angeles class fast attack submarine after completing the Naval Nuclear Propulsion Program.

Dymax Corporation develops innovative oligomer, adhesive, coating, dispensing, and light-curing systems for applications in a wide range of markets. The company's products are perfectly matched to work seamlessly with each other, providing design engineers with tools to dramatically improve manufacturing efficiency and reduce costs. Major markets include aerospace, appliance, automotive, electronics, industrial, medical device, and metal finishing.
